NÉNETTE

VOYAGE TO PARIS

This beautifully handcrafted film by acclaimed documentarian Nicolas Philibert is the story of an orangutan named Nénette. She is the most famous orangutan in the world and the subject of the most famous story of allorangutan Nénette is an orangutan in the famed Jardin des Plantes Exotiques zoo, and acclaimed documentarian Nicolas Philibert has spent a significant part of his life filming her. The Jardin des Plantes is the oldest zoo in the world, and it is also a research institute for the study of animal behavior. Nénette has been the subject of countless studies and has become a symbol of the challenges faced by primates in zoos and in the wild. The film follows Nénette as she goes about her daily routine, and it is a fascinating look at the life of one of the most famous animals on Earth. It is a story of love, loss, and the complex relationship between humans and animals.
